Submission: Objection

Comments: I 100% object to the plans. The size of land is not suited to plans for 2 houses and in doing so will significantly over power the feel of the locality. Our own planning application has been refused for double fronting our own house following the conservation concerns that it would over power the area. I would be devastated if these plans were approved and would feel totally let down by Staffs Moorlands.

Two properties would significantly impact the houses along The Hurstons in terms of size, position and the blocking out of light. There are also traffic concerns with access to the proposed houses from Hurstones Lane.

Previous planning applications on the land were rejected for multiple house plans, specifically around the interaction of any building on the land and the surrounding trees/roots and I hope this is considered this time around.
