Submission: Objection

Comments: 1) Advanced Proteins can't seem to keep on top of the smell already, there have been a lot of complaints over the last 12 months

2) The noise is a major factor, as already we can hear wagons moving late at night, we live in the country NOT the city

3) The extra light that the building produces will be awful for residents, as it already is

4) Property prices for where I live will decrease in value, who is going to make up that short fall

5) THIS IS IN GREEN BELT

6) I can already see white smoke coming from the factory, we don't need any more environmental pollution
