Submission: Objection

Comments: Upon hearing about this proposed change of use on this residential property, submitted to the council from the new proprietor...I can, AND will propose my strong and vehement rejections as follows:

1; Next door to a nursery (for children, NOT plants or trees)

2; This type of project, to rehabilitate vulnerable children subjected to an unsavoury upbringing is quite admirable...but it could be more wisely situated (i.e. not adjacent to the above mentioned). Perhaps maybe a detached location would be more suitable. Also it's in the heart of the village.

3; There are multiple reasons from which children are sadly separated from their parents under unfortunate and sometimes tragic circumstances...but if there is a possibility that this severance has occurred through sexual abuse, incurred by the said non-adult new occupants, I categorically cannot condone this proposal.

4; Last but not least (it's last because it doesn't affect myself directly or personal views in any way) but it is quite unfair for homeowners in the surrounding proximity, to have their assets possibly decrease in value as a result of the approval in this application.
