Submission: Objection

Comments: I object to further expansion of the site of John Pointons. I have lived in the VILLAGE for many years and as such have had to put up with the awful smell spoiling many days throughout the summer and sometimes during the winter too. I can only imagine this will get worse. Along with this, in recent months the noise from the existing site is noticeably louder, 24hours a day, with a constant, intrusive, droning noise at night, which often keeps us awake, as well as the noise of empty wagons being moved and other unrecognisable ones which are very disturbing. The light pollution from the site now is extreme and again I can only imagine this will get worse should the site get bigger. I don't understand how the report suggests the impact will be minimal, when the wildlife is already suffering, along with the local residents. At times I feel I am living on an industrial estate rather than a rural village.
