Brown Edge

Totally inappropriate site for this, such properties for this type of activity needs to be detached because of all the anticipated coming and going of vehicles, the expected noise and disruption from the nature of the expected occupants, the local facilities for such children are very limited which is likely to lead to boredom and what usually follows boredom, ! Wrong doing ! There is a much better site only a couple of miles away in Bradley that used to be a home for these children but I believe was local authority run, could that property not be redeveloped ? Much better transport links and more amenities close by.

This application will no doubt prove to be very devicive and these children will want to feel safe and welcomed but I fear this will not be the case.
