Submission: Support

Comments: We share a boundary with Bradstones and we have no objections to this planning application to provide Mr and Mrs Boden with a new agricultural building providing essential shelter for 40 ewes and their lambs and fodder, especially during winter here at 1,000 ft above sea level. There is currently no shelter or housing or fodder storage on this exposed 7 acres of grazing adjacent to Bradstones. The new agricultural building will support the DEFRA / Animal Welfare Council 'Five Freedoms' framework supporting livestock welfare on this exposed site.

We regards the type and, particularly, siting of and access (via an extension to an existing track) to, this proposed development is appropriate.
