Good evening Alisa,

I hope you're well?

Please take this email as support for application reference SMD/2021/0636. It is refreshing to see plans submitted that work hard to reduce the carbon footprint of a dwelling. The plans for eco properties of this nature are exactly what we need to see here in the Moorlands to help us in our mission to address climate change. I welcome what looks to be the first of its kind the district in my ward.

Kind regards,

Hayley
