St6 8tr

Submission: Objection

Comments: As former residents of sandy lane for over fifty years we strongly object to the proposed application for a class 2 residential institution for children. Firstly it would be situated in a semi detached house which is directly next door to a children's Nursery. Secondly it is in a very narrow lane that has no footpath directly outside the property, although there is one on the opposite side of the road which would mean crossing the road. Thirdly the property lies at the foot of a very steep hill, Hough Hill, where there have been several accidents which would make parking extremely hazardous especially when there would be a change of shifts. The property is surrounded by residential properties which would have a detrimental impact both financially and environmentally. We feel that someone from the council should visit the location to assess the location at peak times and not just look at a piece of paper..
