Submission: Neither

Comments: We object to the proposed 228 New Dwellings development on land the east of Froghall Road, Cheadle, due to the unsuitable location in regard to road and town infrastructure.

There is currently inadequate road infrastructure in place, the proposed development would significantly add to the problem. In particular Hammersley Hayes Road, with the linkage to the adjoining development, and also the proposed access off Froghall Road onto the development presents a serious road safety risk.

In regard to Cheadle Town Infrastructure, the lack of existing infrastructure, in particular schools and medical facilities, will be exasperated by an additional 228 homes, in addition to those currently being built.
