Submission: Objection

Comments: There is no more room within Cheadle Town on surrounding areas, the town as become a development site within the last 12 months. Cheadle town has nothing to offer to existing and new residents the town is in a dier state. The emergency services has been cut first response and fire department resulting in the emergency services coming 30 minutes away. The roads around the area simply can't take anymore traffic it alrwady takes me 40 minutes to take my child to school due to the heavy traffic through the town and walking is not an option as we live in Cheadle and school is in Kingsley this is due to limited spaces in Cheadle towns schools resulting in having to travel out of home town. The environment will and already has a negative impact already waste has been disposed of in our local rivers. Crime ratings will go through the roof. Cheadle has no room and we shouldn't have to compromise anymore green land. In the last past month there has been road traffic accidents around Cheadle and Kingsley EVERY WEEKEND (OCTOBER) due to the high volume of traffic that is already on the roads, also parking is horrendous around the the town and village with simply no where to park outside homes resulting in potentially death if a emergency services can't get to the patient in time. I'm scared our children will be killed by the amount of road users in our little town and the pollution that this will bring. The town itself needs a full face lift before anymore homes are made!!
