Submission: Objection

Comments: Living on froghall road and having to witness daily the near misses, parking issues, speeding all which I have reported to the police several times its unbelievable to think a possible 450+ cars could be added to the situation and only a matter of time before someone gets injured or worse. I walk to school every day because it takes me less time then drive there a journey that should take 5 minutes takes upward of 15 some days. On top of that all the schools, doctors, dentists are full to capacity, there are at present 4 new estates being built near completion adding to the problem without this site (one of which is on froghall road) To even contemplate this is ludicrous.
