Submission: Objection

Comments: Maybe before granting permission to extend the opening times it should be asked - have they actually complied with the stipulations that were set up originally.

As a residential area, does the frontage fit? The three foods pictures and the bright lights says no. The aim was an upmarket

establishment that blended into the environment.

Does the 'Pong Free Chippy' (their words) work? No, the smell of stale oil can be smelt coming up from the roundabout. At

the moment Sunday and Bank Holidays are the only days free from the overwhelming smell. On other days it can be

Impossible to be in or do anything in the garden.

Does the car parking work? No, it was never going to given customers would have to reverse on to a busy road.

The limited opening times were designed to minimise the disruption to local residents through parking, lighting, smell and antisocial behaviour. At that point the aim of the Council was to refrain granting permission for food outlets outside the town centre.

Any extension to these hours would cause further erosion of the residential status.

Also the comment could be made re those who don't live near this chip shop that they obviously don't appreciate how it impacts on local residents.
