Submission: Objection

Comments: Hello,

I would like to register my objection to this application by raising the following points.

The proposed development is in an isolated location with poor access to local amenities even the most basic essentials. Nothing is in walking distance and there is no regular bus service.

The resulting buildings will be new structures detracting from the natural surroundings and will not be faithful to the local historical heritage.

Should approval be granted it could be seen as justification to develop further sites in the area resulting in more damage to the local environment & detracting from the areas natural beauty.

I am a frequent visitor to the area to maintain social contact with friends & family who live close by and enjoy walking through the local countryside during my visits.

I recall a similar application (Ref: SMD/2018/0775) was rightly refused for similar reasons of concern and request that this application be similarly refused.

Sincere regards.

Chris Allen.
