Submission: Objection

Comments: As a resident of 9 Hamil Drive, I will be directly impacted by this planning application. Not only is it a very ugly, imposing structure that will effect the outlook at the reverse of mine and my neighbours properties, it is taking valuable recreational space. The site proposed is used daily by children and dog walkers as a place to safely play and to exercise. It is vital that we retain this space for the local community. There is no justification as to why this has to be placed on such a green open space and not somewhere else that wouldn't be required to be accessed so frequently. There are other sites in Leek that are more industrial and more suited to such a structure.
