Re: SMD/2021/0637- Land Adjacent to 2 East View, Main Road, Cauldon Low, Staffordshire, ST10 3EU

I wish to make a strong objection to the proposed planning application listed above

As neighbours, I feel this planning will have a high impact on road safety. The Main Road is used for the local resistant's but most of all it gets used as a cut through for traffic. It is already dangerous because of cars parking which makes a blind spot when pulling out of our road. The new entrance is on a blind bend which could cause a serious accident.

I feel because of the loss of privacy which is stated in the Human Rights Act, which says a person has a right to a peaceful and enjoyment of all their possessions which includes home and land. I feel that this proposed planning will be a threat to our enjoyment of our garden and loss of peace and quiet, especially now with the revised plan to cut down of the hedges

We also enjoy lots of wildlife and believe a planning with hinder this because of the work that will happen. We also are aware that there is a colony of Crested Newts in the pond of 2 East View.

We hope you take these serious points in to consideration, Cauldon Low does not have a high need for more property. I hope you take my points in to account.

Yours Sincerely

Andy Sellers
