Applicant: ADVANCED PROTEINS
JOHN POINTON AND SONS
BONES LANE
CHEDDLETON
ST137BT

Application Type: SCOPING OPINION

Officer: David Plant

Application No: SMD2021/0628

Date: 15-NOV-2021

Date Received: 28-OCT-2021

Road No:

Particulars of Development:
EIA SCREENING OPINION REQUEST

Location of Development:
JOHN POINTON AND SONS BONES LANE CHEDDLETON

Acceptance

Recommendations: There are no objections on Highway grounds to this proposal.

NOTES TO PLANNING OFFICER

Developer proposes to submit Transport Assessment as part of the future application.

This should consider existing trip generation from the overall existing site and proposed trip generation from the proposal and the effect the proposal will have on the highway.

Actual current vehicle movements should be actual counts.

If references are made to the Biomass application any reductions should be explained and substantiated. Table 3-1 reduces existing movements without explanation.

A new access to the site was constructed for a previous application.
