Hi Jane,

Further to the above app;

Condition 13- CMP

This can be discharged from our point of view but perhaps need to also check with county regarding their requirements (bits viii and ix of condition).

Condition 14 - contamination

A Phase I Geo-Environmental Report Enzygo Geoenvironmental Ltd. (Ref: CRM.229.004.GE.R.002.B) was submitted in support of this discharge. The report is considered to be a through assessment of the potential contamination risks, and the conclusion that no risk is anticipated is accepted.

Discharge Recommended

Thanks

Dan

Hello Dan

Condition 13 - We can't comment on viii and ix. Contact details of contractor should be supplied when they are appointed. Otherwise I would recommend discharge.

Condition 14 is contamination related.

Jane is the planner.

Thanks
