Submission: Objection

Comments: I strongly object to the planning request , the A520 is already a very busy and dangerous road at the best of times but an increase in traffic from this factory would have an even bigger negative impact on the local area and wildlife.

Green belt land should stay green belt land once it is gone it is gone forever !

They currently have a big impact on the local residents with the noxious smells, with this they should not be allowed to increase the facility's until they have a satisfactory way of dealing with the current situation!
