Submission: Objection
Comments: We object to the request for the property to be changed to a children's home.

There is not enough space for staff parking and visitors. Children will have numerous professionals involved who will need to park their vehicles.

There is not enough room if emergency vehicles that need to attend.

This will increase traffic to small side roads with no areas to pass.

There is limited outside space for the children to access. I would question the therapeutic benefit of this location to nurture children.

With such high staffing levels this application is about financial gain with limited consideration for children or residents.
