Submission: Objection

Comments: We wish to object on the following grounds;

The access to the proposed development will be at the back of our Property on a busy and dangerous track. We already endure speeding vehicles throughout the day and night with no regard for the safety of others. This concerns us greatly. The proposed development will only add to that. The noise that comes from the holiday lets is at times intolerable with no regard for local residents.

Many of the Boathouse's around the Lake have had the character ripped out of them, the purpose they were built for has been lost and they are now nothing more than a glorified holiday park. We do not want the same to happen to the proposed.

Rudyard is a Conservation area and the character of these boathouse's should be retained and protected not turned into another potential money maker.

We believe the Owner already has holiday lets around the Lake so we think it is highly questionable why he would want to live in a one bedroom boathouse surrounded by noise and holiday lets. The Village community is at risk of being lost and instead being over run with holiday makers.
