**Town and Country Planning Act 1990
Town and Country Planning (General Permitted Development) (England) Order 2015
Schedule 2, Part 1, Class A**

Householder Permitted Development Notification

REFUSAL

Prior approval is required and is **REFUSED** by the Local Planning Authority under Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015 for:

**An application to determine if prior approval is required for a proposed single storey, dual pitched extension to the rear of the existing dwelling house.
Natural stone facing, clay tile roof finish, timber windows
at The Leasows Town End Lane Swinscoe**

The proposed extension fails to comply with Class A.1 for the following reasons:

1. The proposed extension would project forward of the principal elevation of the dwellinghouse, thus breaching Class A.1 (e). The 'Permitted development rights for householders Technical Guidance' defines the term 'principal elevation'. Within this definition, it states that "in most cases the principal elevation will be that part of the house which fronts (directly or at an angle) the main highway serving the house... It will usually contain the main architectural features such as main bay windows". As the highway which sets the postcode for the dwelling is Town End Lane, the North facing elevation which fronts this highway is considered to be the principal elevation of the original dwellinghouse.
2. The proposed extension would be a front extension rather than a rear extension. Therefore, the measurement limits set out in Class A.1 (g) would not be applicable.
