I would like to make a comment in favour of Mr Shaw. I own the land where he parks his car and the only access to his boathouse is across caravan park land.

I agreed to rent him a car space on the promise that the boathouse was not going to be holiday lets. I believe he is in fact going to live in the property and I find that to be of great benefit to me and to the area in general. Both the boathouses have been an untidy mess for many years with different people coming along with big ideas but really getting nowhere and Mr Shaw is demonstrating a professional approach to doing something positive with the land and the boathouse. I see his presence as a resident to be a serious benefit in an part of Rudyard Lake which should be adding to the beauty of this conservation area rather than being a scruffy mess.

In answer to one of the other comments. We at the caravan park have never allowed noisy behaviour, noisy parties or foul language. We do not allow such people to own caravans here or even come to visit and since the ownership of the log cabins changed in the last few years we have not had any such instances there either.
