

Mr Baker
Rossmor 19 Meadow Drive
Cheadle
ST10 1EQ

Application no: SMD/2021/0705

Determined on: 29/12/2021

**Town and Country Planning Act 1990
Town and Country Planning (Development Management Procedure) (England) Order 2015**

GRANT OF OUTLINE PLANNING PERMISSION

This permission does not carry any approval or consent which may be required under any enactment, bylaw, order or regulation (e.g. in relation to Building Regulations or the Diversion of Footpaths etc) other than Section 57 of the Town and Country Planning Act, 1990.

Location of Development:

19 Rossmor Meadow Drive Cheadle Staffordshire ST10 1EQ

Description of Development:

Outline planning permission with all matters reserved for the erection of a bungalow on land adjacent to no.19 Meadow Drive

In pursuance of their power under the above mentioned Act, Staffordshire Moorlands District Council Planning Authority, **HEREBY GRANT OUTLINE PLANNING PERMISSION** for the works described above subject to the following condition(s):

1. The development hereby permitted shall be begun either before the expiration of three years from the date of this permission, or before the expiration of two years from the date of approval of the last of the reserved matters to be approved.

Reason:-

To comply with the provisions of Section 92 of the Town and Country Planning Act 1990 (As Amended).

2. Application for approval of the reserved matters shall be made to the Local Planning Authority before the expiration of three years from the date of this permission.

Reason:-

To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (As amended).

3. The approval of the Local Planning Authority shall be obtained in writing with respect to the plans and particulars of the following reserved matters (hereinafter called ""the reserved matters"" before any development is commenced:

- Scale
- Siting
- Appearance
- Landscaping
- Access

Reason:-

The application is an outline application under the provisions of the Town and Country Planning (Development Management Procedure) Order 2015 and no particulars have been submitted with respect to the matters reserved in this permission.

4. The development hereby permitted, including surfacing materials specified, shall be provided in exact accordance with the following approved plans:

Location plan received on 23rd December 2021.

Reason:-

For the avoidance of doubt and in the interests of proper planning, in accordance with the National Planning Policy Framework.

5. Before the commencement of development, details of all facing materials, roofing materials, fenestration materials, rainwater goods, surfacing material and boundary treatments in terms of their type, colour and texture shall be submitted to and approved in writing by the local planning authority and the approved materials and boundary treatments shall be used in the development.

Reason:-

In the interests of the character and appearance of the area.

6. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order with or without modification), no additional windows or any other openings shall be installed in any part of the development, without prior written consent from the District Council as Local Planning Authority.

Reason:-

To protect the amenity and living conditions of adjacent residential property from overlooking or perceived overlooking and the visual amenities in the area.

7. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that order with or without modification), no further development as specified in Part 1 Class(es) A, B and E shall be undertaken without express planning permission first being obtained from the Local Planning Authority.

Reason:-

To enable the Local Planning Authority to control the development and so safeguard the character and visual amenities of the area and to protect the residential amenities of neighbouring residents.

8. No development hereby approved shall be commenced until full details of the following have been

submitted to and approved in writing by the Local Planning Authority:

- Point of access;
- Layout and disposition of buildings;

- Provision of parking, turning and servicing within the site curtilage;
- Means of surface water drainage
- Surfacing materials
- vehicular and pedestrian visibility splays

The development shall thereafter be implemented in accordance with the approved details and be completed prior to first occupation of the development.

Reason:-

In the interests of highway safety.

9. The access shall be ungated or any gates shall be located a minimum of 5m rear of the back of footway.

Reason:-

In the interests of highway safety.

10. No phase of the development hereby permitted shall take place until a Demolition and Construction and Environmental Method Statement has been submitted to and approved in writing by the Local Planning Authority, which shall include the following details:-

I. the hours of work, which shall not exceed the following: Construction and associated deliveries to the site shall not take place outside 08:00 to 18:00 hours Mondays to Fridays, and 08:00 to 13:00 hours on Saturdays, nor at any time on Sundays or Bank Holiday;

II. the arrangements for prior notification to the occupiers of potentially affected properties;

III. the responsible person (e.g. site manager / office) who could be contacted in the event of complaint;

IV. a scheme to minimise dust emissions arising from construction activities on the site. The scheme shall include details of all dust suppression measures and the methods to monitor emissions of dust arising from the development. The approved dust suppression measures shall be maintained in a fully functional condition for the duration of the construction phase.

V. a scheme for recycling/disposal of waste resulting from the construction works;

VI. No waste material associated with the demolition or construction hereby permitted shall be burnt on site but shall be kept securely for removal to prevent escape into the environment.

All works shall be carried out in accordance with the approved details. Any alteration to this Plan shall be approved in writing by the Local Planning Authority prior to commencement of the alteration.

Reason:-

To protect the amenities of the area.

11. In the event that contamination is found at any time when carrying out the approved development it must be reported in writing immediately to the Local Planning Authority. Development shall not continue until an initial investigation and risk assessment has been completed in accordance with a scheme to be agreed in writing by the Local Planning Authority to assess the nature and extent of any contamination on the site. If the initial site risk assessment indicates that potential risks exist to any identified receptors, development shall not recommence until a detailed remediation scheme to bring the site to a condition suitable for the intended use by removing unacceptable risks to human health, buildings and other property, and the natural and historical environment has been submitted to and approved in writing by the local planning authority. Following completion of measures identified in the approved remediation scheme and prior to bringing the development into first use, a verification report that demonstrates the effectiveness of the approved remediation shall be submitted to and approved in writing by the

Local Planning Authority.

Reason:-

To ensure that the proposed development meets the requirements of the National Planning Policy Framework in that all potential risks to human health, controlled waters and wider environment are known and where necessary dealt with via remediation and or management of those risks.

12. Prior to bringing the development into first use, all soils that are intended to be used for the proposed garden/ soft landscaping areas shall be tested for contamination and assessed for their suitability for the proposed use. Prior to sampling, a suitable methodology for testing the soil shall be submitted to and agreed in writing by the Local Planning Authority and should include the sampling frequency, testing schedules, and criteria against which the analytical results will be assessed.

The results of the soil tests shall be submitted and approved in writing by the Local Planning Authority. If soil results indicates that a potential risks exists, development shall not continue until a detailed remediation strategy to bring the site to a condition suitable for the intended use has been submitted to and approved in writing by the Local Planning Authority. The approved remediation shall be carried out prior to the first occupation of the development.

Reason:-

To ensure that the proposed development meets the requirements of the National Planning Policy Framework in that all potential risks to human health, controlled waters and wider environment are known and where necessary dealt with via remediation and or management of those risks.

13. Any external lighting which is to be incorporated into this site in connection with the development hereby permitted shall not increase the pre-existing illuminance at the adjoining light sensitive locations when the light(s) is(are) in operation. Details of all external lighting to be installed at the site shall be submitted to and approved in writing by the Local Planning Authority prior to their installation and the works shall be carried out in full accordance with the agreed details.

Reason:- To protect the local amenities of the local residents by reason of excess of illuminance.

Informatives

1. This is considered to be a sustainable form of development and so complies with the provisions of the NPPF.

2. Please be aware that the responsibility for safe development and secure occupancy of the site rests with the developer:

"" A Demolition or refurbishment asbestos survey and risk assessment should be carried out prior to the demolition of the existing buildings. The enforcing authority for this type of work is the Health and Safety Executive (HSE) and it is recommended that you contact them directly to discuss their requirements: <http://www.hse.gov.uk/>

"" Any approved noise scheme and measurements should pay due regard to British Standard

BS8233: Sound insulation and noise reduction for buildings (Code of Practice), BS4142:2014 Methods for rating and assessing industrial or commercial sound and/or the Building Regulations 2010 Document E or other appropriate guidance.

"" Information on Coal Mining Risk Assessment can be found on the UK government Website:

<https://www.gov.uk/guidance/planning-applications-coal-mining-risk-assessments>

"" Any approved foul drainage system should meet the British Standard 6297:2007+A1:2008: Code of practice for the design and installation of drainage fields for use in wastewater treatment <http://www.bsigroup.com>

"" Advice on controlling flies and light can be found in: Statutory Nuisance from Insects and Artificial Light (defra 2005) available as a free download <http://archive.defra.gov.uk/environment/quality/local/legislation/cnea/documents/statnuisance.pdf>

"" During any demolition and construction activities (including landscaping) the contractor shall take all reasonable steps to prevent dust formation and prevent any dust formed from leaving the site boundary.

"" The control of dust and emissions from construction and demolition Best Practice Guidance, produced by the greater London councils <http://www.london.gov.uk/sites/default/files/BPGcontrolofdustandemissions.pdf>

"" Building Research Establishment Guidance Document 'Control of Dust from Construction and Demolition Activities' (BR456)

"" If required, Contamination risk assessments shall be carried out in accordance with UK policy the Land contamination risk management framework (LCRM), published by the Environment Agency <https://www.gov.uk/government/publications/land-contamination-risk-management-lcrm>

"" Submission of reports should also be made to the Environment Agency for comment with regard to their remit to protect ground and surface waters from pollution and their obligations relating to contaminated land.

"" The Local Planning Authority will determine the acceptability of reports on the basis of the information made available to it. Please be aware that should a risk of harm from contamination remain post development, where the applicant had prior knowledge of the contamination, the applicant is likely to be liable under Part II (a) of the Environmental Protection Act 1990 and as such become and ""appropriate person"". In this event the applicant will be lawfully responsible to remove the risk posed by the contamination.

"" Equally if during any site works a pathway for any contaminant on site is created and humans, waters, property or ecological systems are exposed to this, the applicant or those acting on behalf of the applicant will be liable under part II (a) of the Environmental Protection Act 1990 if the risks are not adequately addressed during the site redevelopment.

"" During investigation and remediation works the applicant and those acting on behalf of the applicant must ensure that site workers, public property and the environment are protected against noise, dust, odour and fumes

"" The applicant is advised that should there be a requirement as part of the Remediation Strategy to treat, reuse or remove contaminated material on the site, the Environment Agency must be consulted, as these activities may need to be licensed or permitted. Contaminated materials identified for removal off site must be disposed of in an appropriately licensed landfill site.

"" Staffordshire Moorlands District Council is keen to liaise with all stakeholders involved in this application. As such, we recommend that a proposed scope of works is forwarded to the Environmental Protection Department and agreed in principle prior to site investigation works being undertaken. The Environmental Protection Department is also prepared to review draft copies of reports prior to final submission to the Planning Department in order to ensure that works undertaken are sufficient to discharge the contaminated land conditions.

NOTES

1. Approval under the Building Regulations may also be required. Advice in this respect can be obtained by contacting the Councils Building Control Section at buildingcontrol@staffsmoorlands.gov.uk
1. Where a vehicle is often driven across a grass verge or kerbed footway to and from premises adjoining a highway, the occupier of the premises may, be required to pay the cost of construction of a crossing, and/or may be required to comply with conditions, imposed by the Authority. You should contact the Highway Authority at Staffordshire County Council.
2. This consent is granted subject to conditions and it is the owner(s) and the person(s) responsible for the implementation of the development who will be fully responsible for their compliance throughout the development and beyond. An application will need to be made to discharge conditions and a fee is payable with the application. For more details please refer to our web site: www.staffsmoorlands.gov.uk If there is a condition that requires work to be carried out or details to be approved prior to the commencement of the development this is called a "condition precedent". The following should be noted with regards to conditions precedent:
 - (a) If a condition precedent is not complied with, the whole of the development will be unauthorised and you may be liable to enforcement action.
 - (b) Where a condition precedent is breached and the development is unauthorised, the only way to rectify the development is the submission of a new application.
3. Other conditions on this permission must also be complied with. Failure to comply with any condition may render the owner(s) and the person(s) responsible for the implementation of the development liable to enforcement action.
4. The permission is granted in strict accordance with the approved plans. It should be noted however that:
 - (a) Any variation from the approved plans following commencement of the development irrespective of the degree of variation will constitute unauthorised development and may be liable to enforcement action.
 - (b) Variation to the approved plans will require the submission of a new planning application.
5. If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.
6. If the decision to refuse planning permission is for a householder application, and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.
7. If this is a decision to refuse planning permission for a minor commercial application, and you

want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.

8. If this is a decision to refuse express consent for the display of an advertisement, if you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of receipt of this notice.
9. If you want to appeal against your local planning authority's decision for any other type of development, including listed building consents then you must do so within 6 months of the date of this notice Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at <https://acp.planninginspectorate.gov.uk>
10. The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
11. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the Council (District Council, London Borough Council or Common Council of the City of London) in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.
