Submission: Objection

Comments: We live in a property overlooking this proposed application and we strongly object to its location not only from an aesthetic point of view but also an environmental aspect. This would be a blot on the countryside and a waste of highly productive grade 2 arable land. We are sure there must be better locations on brown field sites where it would not effect the rural aspect of the countryside and the wildlife.

We also feel it would severely affect the wildlife in the area, we regularly see buzzards, sparrow hawks, peewits and owls which live in the surrounding trees and hunt over this area, there are also badgers, foxes and pheasants to name but a few.
