Submission: Objection

Comments: This commercial business is on the edge of the Peak District National Park. There is the potential for emanating smells to carry into the National Park which would negatively impact tourism and impact the holiday accommodation business within the valley of Onecote and Ford. This would have a financial impact on those of us who provide such accommodation, risking our livelihoods. It will have a negative impact on the quality of our lives. It will impact the local economy negatively. There will be an adverse environmental impact. There will be a negative impact on the value of our homes. Has the Peak District National Park authority been consulted due to the proximity of the National Park and the negative impact this will have on the area?
