Comments: I refer to the original decision by the planning officer, that it is an inappropriate location for a grain store. A few trees that will take years to mature, will only partially screen the site. As I have stated before, a building on that side of the road, would be a blot on the landscape, to many members of the public, who come to the main road in Hollington for a breath of fresh air and a view of the countryside. I am also concerned about noise pollution, drying grain. There is plenty of room at Broadgate Hall for agricultural buildings.
