Hi Helen,

No worries. Happy with Helen carrying out the recording work under your project management and QA.

Best wishes,

Shane

Hi Shane

Thanks for the approval of the WSI. The building recording work will be done by TVAS (under our project management and QA) from their local office in Stoke and carried out by Helen Daniells who runs the office and who has done a number of satisfactory and competent historic building reports, particularly agricultural buildings, for us within the PDNPA and Derbyshire. Let me know if you require any relevant information from her.

20/01/2022

All the best

Helen

Hi Helen,

Thanks again for sending this WSI through for my review. What is proposed is fine and I am happy to provisionally approve the WSI subject to confirmation of contractor (6.3.1). Will you be doing this work yourself or subcontracting it out? I am happy to approve the WSI now if it is going to be you, but if you are subcontracting the work out I will need to approve who this is – details of who this will be and their relevant experience should be sent through for my review and approval. Sorry for any inconvenience caused by this but we have had some less than adequate HBR reports in the last year or so as organisations/consultants are struggling to find experienced buildings specialists to carry out such work.

Happy to discuss further,

Best wishes,

Shane

Hi Shane

Hope you are well and fighting fit!

My client has today paid the curatorial fee and I am attaching the WSI for the level 2 building recording to you for approval.

Have a good weekend

H.
