Submission: Objection

Comments: I would like to register an objection to the proposed planning application at Crossways Farm. I understand that a dead animal processing site is proposed. I do not think there is a need for another dead animal storage site as there are two facilities in very close proximity. I am concerned that increased traffic will put pressure on our local roads and that the passing lorries will give off unpleasant odours of decaying waste.

I believe that the proposal will negatively impact on the local area in many ways: including smells of dead carcasses from the site, the local landscapes will be spoilt and small local businesses who rely on income from visitors will be affected.
