Good Morning,

Thank you for your consultation(s).

To help provide a greater service, we have decided to create a dedicated email account for our Statutory Consultations and customers wanting to build over or close to our sewers.

Please submit all future consultations to our new account: [REDACTED]

We'll be updating our website and application forms ASAP, to reflect the changes and provide the relevant information. In addition, we are working hard on having our phone lines live, so everyone can contact us easily if they need a chat. Thank you for your continued support, it's very much appreciated.

We are currently unable to physically supply application packs and forms to customers whose works might be affecting or be affected by public sewers. We will continue to advise where properties fall into our usual categories but would ask your assistance during this difficult time to ensure customers are able to do all the right things so that they aren't disadvantaged in the longer term.

Can you please provide a location map for the address provided?

Kind Regards
