

Category A - Trees of high quality and value

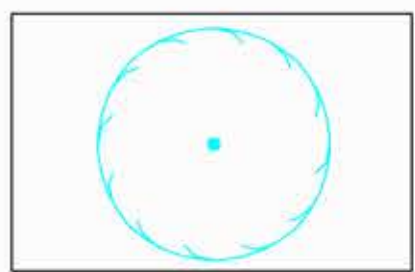

Category B - Trees of moderate quality and value

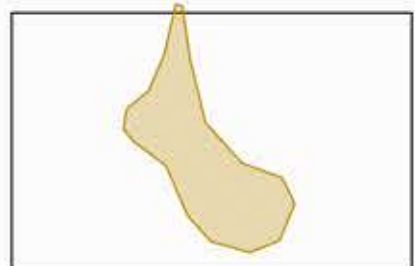

Category C - Trees of low quality and value

Category U - Trees where removal is recommended

Trees to be retained that have not been surveyed

Areas of natural regeneration (noted but not surveyed)

NOTES

Trees were originally surveyed and assessed in 2003 and 2006, in compliance with BS5837 : 2005. A further survey was undertaken on 08.04.2012 to re-examine trees T540 - 543, and a new group T680 in accordance with BS5837 : 2012.

Tree categories are identical to that described in the 2006 survey, with the exception that category R trees have been reclassified as category U.

Tree canopy spreads were provided during the 2006 survey (see Drwg 19604/AL[0]01 and 02).
