Newfields Farm, Rownall Road, Wetley Rocks, Staffordshire, ST9 0BS
EIA screening request- Battery energy storage development with ancillary equipment, security fence, access and landscaping

Dear Jane,

Our comments would be essentially the same as for the other battery storage applications for EIA screening.

As well as the usual ecology requirements, we would want to see a Biodiversity Impact Assessment using the latest Defra metric, as part of any future application.

Regards,

Kate Dewey BSc (Hons) MCIEEM

Senior Planning Officer
