Subject: DET/2021/0045 planning application main rd hollington

please note I am registering my opposition to the above application for the following reasons:-
The size of the proposed building will make it very visible from the road and out of keeping with the other buildings there.
Presumably this would also create additional heavy traffic on a narrow road - with the deposition of yet more mud on the road surface - residents have enough mud trails as it is without having more.

Ivor Moseley Folly Cottage, Firbob Lane, Hollington, ST10 4HT
