Submission: Objection

Comments: I strongly object to this application for a 'garage' on looking at the plans and the size/scale of the building it appears to be more like the size of a bungalow than a garage, I feel the description or one word 'garage' is very misleading, it certainly doesn't look like a normal size single storey garage. This building will be detrimental to the surrounding area and will most definitely look out of keeping of houses in our small, quiet, cul de sac. I worry that it will affect house prices It also worries me that if this is passed it will set a precedence for other out of keeping buildings will be passed. I note on the plans a moving ramp which to me is more for commercial use than personal use will this mean increase of traffic? I also would like to know why today 11th Feb is the first day notices have been placed in our cul de sac giving only a few days notice again they only state 'garage'.

I strongly object to this planning permission.
