Submission: Objection

Comments: I object to extending the site due to the current unpleasant smells from this place so to expand would be intolerable. This is especially worse in the summer months.

The lorries leaving the site are increasing in numbers and often there's animal parts that have fallen seen on the main road which we s a health hazard and cause for the increasing vermin.

The expanded site seems to move even closer to the local housing so I would pity those residents. Light pollution is an issue current so can only imagine what that would look like if this goes ahead.
