Submission: Objection

Comments: I object to the proposed traffic lights. I do not believe they will be in the interest of Cresswell residents and I don't believe that they will be a better solution for the Uttoxeter Road junction than the previously planned roundabouts. I worry that drivers might speed up to try and beat the lights making the road even more dangerous. The lights will be a source of light pollution for the residents near them and also noise pollution with potentially multiple vehicles accelerating away from them at any given time. I worry that the lights will be biased to the Uttoxeter road causing congestion particularly with the increased traffic from the proposed developments. There does not appear to be any plan for pedestrian on the section of road leading from the railway crossing to the pavement near the cricket club. This is a particularly dangerous part of the road for pedestrians and with increased traffic needs to be adequately addressed.

I object to the proposed residential developments because I don't think that the local amenities will be able to cope. All residents will be dependent on cars particularly if the above mentioned pavement isn't sorted out.
