Comments: 233 Uttoxeter Road

Draycott.

The alteration of the Cresswell lane/ Uttoxeter Rd junction from a roundabout, as originally proposed by the developer as being the most suitable layout, to traffic lights is going to make exit and entrance into the property (No 233) dangerous to myself, my family and other road users. To enter the property when approaching from the new junction would necessitate moving to the centre of the road to turn in to the drive, if access is blocked by queuing traffic backed up by the lights I would be waiting and risking head on collision with traffic moving towards the junction and into the middle lane to turn right down Cresswell Lane.

What I would like to know is what does the Council advise me to do when access to my drive is blocked and waiting in the middle lane will inevitably put myself and people moving into the same lane in the opposite direction to turn down Cresswell Lane, in danger.

If this amended junction layout goes ahead, living close to the junction I would like assurances that accessing and exiting my property can be executed in a manner safe to myself and other road users.
