Comments: I am filling this online form in on behalf of my grandmother as she doesnt have access to the Internet.

My grandmother has lived in her property for many years and the proposition for a T Junction on Sandon Road with increased traffic to and from the housing / industrial estate will affect her negatively. This will be due to the increased noise of vehicles, including loud and large commercial vehicles. The vehicles will frequently using and pulling off from the proposed Sandon Rd T junction for access onto the estate throughout the day and night. She objects to the variation due to the concerns over the increase of traffic which will directly affect her due to the noise.
