Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Description

Please describe details of the proposed development or works including any change of use

Modular Building: Installation of a 30m long x 7m wide pre-fabricated modular building for use as staff training facility. Including enabling works and creation of private access footpaths within site and a reinforced concrete retaining wall. The modular building is required due to lack of available space to meet operational requirements within the existing establishment and is for the use of existing staff members so will not increase staff numbers or traffic to site. The anticipated design lifespan of the building is 20-25 years.

Car Parking: The submission includes preliminary details of future proposals to demolish 2 adjacent barn structures and resurface the currently rough surface for use as formal car parking however this is not directly related to the installation of the modular building and is to ease disruption caused by existing uncontrolled parking at the site. We have been advised by the MOJ planning consultants that the development of the Car Park is likely to be considered Permitted Development under Part 19 Class A of the Town and Country Planning (Permitted Development) (England) Order 2015 (as amended) which allows for the erection or construction and the maintenance, improvement or other alteration by and on behalf of the Crown of: a. Any small ancillary building, works or equipment on Crown Land required for operational purposes

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff**
- (b) an elected member**
- (c) related to a member of staff**
- (d) related to an elected member**

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
