Submission: Not Object

Comments: No Objection to the application if it is completely screened by tall bunding to alleviate noise, unobtrusive lighting, and minimal visual impact on the surrounding residential housing. Complete a program of tree planting to help with screening. Condition of a roundabout at the end of Bones Lane to reduce the speed of traffic and allow the flow of vehicles leaving the factory as the current infrastructure is failing as the roads are not being maintained to keep up with the amount of traffic.
