Submission: Objection

Comments: I object to the planning application due to the amount of noise from the factory getting a lot worse and the traffic from the extra lorry;s not only causing noise 24 hrs a day but the congestion they cause and the environmental impacts . We have to live with the constant smell and noise and now they want to make a bigger impact on our lives . Also we are allowing them to build on green belt which isn;t correct. Several yeas ago they were allowed to build on green belt for another project and would return the land opposite bones lane into trees and grass area . If you notice it;s still the same eye sore with nothing done to it

This village puts up enough with the factory so please don;t make our lives even more unbearable
