Submission: Objection

Comments: I would like to register the following objections to the proposal as a resident of Folly Lane

1. Air pollution is already unsatisfactory with the odour from the current factory. Another will only add to this.
2. Light pollution is already visible in the evenings, another factory would add to this.
3. The increase in traffic and smell from the lorries will be unpleasant for all commuters
4. I find it unacceptable to allow firms that have many nearby oppotions for existing structures to be allowed to build on greenbelt land.
