Submission: Objection

Comments: I was very disappointed to discover that once again a drive through fast food outlet has applied to open one in Leek.

The character of the town is of a small market town and although over recent decades enough of its character has been lost. There are already several food outlets in the town area offering a good mix and selection of assorted foods. more than enough for a town of this size. I appreciate that this site is not in the town centre but it is on a very busy road that really does not need more traffic on it and the site is very near to two junctions on a bend in the road. There is a large estate of houses across from the proposed site and children will be drawn to the site but will have to cross a dangerous road and the risk of an accident is highly likely. Also is it true that land across from the main site will be repurposed and trees removed as extra parking for the drive through? That is a dreadful idea if it's true. there are also other food outlets very close, I believe one to be a cafe, and their business will be detrimentally affected too.

I would request that very serious thought be given and, in view of the fact that local people over the last 20+ years to my knowledge, have not been in favour of this type of food outlet, that you will refuse this application. Leek does not need it

Thank you. Sheila Statham. Leek resident
