ST Classification: OFFICIAL PERSONAL

Good afternoon,

Thank you for the change of proposals.

I can advise we have no objections to the foul sewage discharging to the public foul sewer. Surface water is proposed to discharge to a nearby brook course; we would advise discussing this with the LLFA as we would have no comment.

Please note for the use or reuse of sewer connections either direct or indirect to the public sewerage system the applicant will be required to make a formal application to the Company under Section 106 of the Water Industry Act 1991. They may obtain copies of our current guidance notes and application form from either our website (www.stwater.co.uk) or by contact our Development Services Team (Tel: 0800 707 6600).

I trust you find the above in order, however, if you have any further enquiries then please do not hesitate to contact us.

Kindest regards,

Rhiannon
