Comments: I have played Whiston hall since the mid eighties and no matter who has owned it, the local population has vetoed every move, anyone who has played the now closed back nine will remember it as a virtual bog land the current tenants of Whiston hall have ploughed thousands into getting the front nine not only playable but to a high standard, local opposition goes as far as digging holes in seven of the nine greens, developing Whiston can only be good for the community with the course now open to membership again for the first time since 2015, the hall now a viable wedding venue and the course getting better week on week, a thriving golf club and hotel / wedding venue needs staff meaning local jobs, in my opinion its high time SMDC planning need to have a good look at this, they (Whiston hall) have missed out on a landfill deal due to planning hold ups that would have financed the re model of the course, so now need to find another partner, come on SMDC lets get this party started
