

NOTE

Height of retaining wall dependant on existing levels, and removal of debris on site. Retaining wall to continue until level with site, where hit and miss fencing will create boundary. Retaining wall designed aesthetically to ensure the cover up of existing concrete wall to back of car park. Retaining wall to be either gabion stone, cribblock wall or similar approved.

**PLANNING
DRAWING**

BOUNDARY KEY	
600mm High red brick wall topped with 600mm High metal railings	
1.8m High Lockable Metal Railing Gates	
1.5m High red brick wall with 1.8m red brick piers to site entrance
