Submission: Objection

Comments: I would like to inform the Authority that i object to the Planning Application of Battery Energy Storage Systems off Bemersley Road.

I feel that this is a inappropriate development of designated Green Belt within the city of Stoke on Trent. The removal of hedgerows would and be a lost to the wildlife, and possible leakage from the units would cause irreparable damage to the River Trent and Caudon Canal. Incidents of serious fire and explosion, which release toxic gases, at other battery storage units suggest that there is a danger to the public. This site is within proximity of two primary schools. Large lorries travelling through narrow lanes is a accident waiting to happen.

Anesco's claims that the community were inform. I have only heard about this application a few weeks ago, the same for some others in the community i have spoken to.

Regards

Carol Kilgariff
