Dear Lisa,

Thank you for consulting with Staffordshire County Council's Historic Environment Team with regards to the above application. I have reviewed the proposals against the information held by the Staffordshire Historic Environment Record (HER) and note that the programme of historic building recording that was conditioned under SMD/2016/0344 has been produced and submitted towards discharge of the relevant condition in April 2018. We subsequently recommended that the condition (no 6) could be discharged and are happy that no further archaeological works will be required. As such, we do not wish to raise any archaeological issues with the above application.

Please let me know if you have any questions or queries,

Best wishes,

Shane

PS James, given the above situation we are happy not to recover the costs of providing this consultation response
