Submission: Objection

Comments: There are many more places in the area for this eyesore to be located instead of making one of Stoke on Trent's Greenbelt areas looking a mess and disturbing a place of natural beauty. There is also the fact that this area is used by many walkers and horseriders nobody wants to see that while doing these activities. There is also the noise and pollution that this plant will make and the disruption of the wildlife in the area not to mention the fact that there will be heavy vehicles using the roads in and out of the site in the surrounding areas.
