Submission: Objection

Comments: I would very much like to object to this development, having lived in Huntley for 28 years we do not need any further developments in Huntley.

The hamlet is on a very narrow lane and parking is always difficult. More houses mean more traffic, more accidents, and more disruption.

Residents want to live here because it is quiet and a beautiful rural area adding more houses takes that away and as for the biodiversity aspect - it's like adding insult to injury. If we can build 3 houses then we will add something back !!! please just don't add the developments in the first place and leave well alone. Not only for the environment but the harmony of the Hamlet.

There are plenty of developments happening in Cheadle and we certainly don't need any more houses in Huntley.

We live a few doors down from where the planning is purposed and struggle to see vehicles approaching from either side when we leave our drive, it has been used for a cut-through for the tip and when there are road closures on the main roads this has caused much more traffic. Once you allow one to develop on the green belt land others will want to follow and this will have a deterrent to the area.
