Submission: Objection

Comments: After giving these proposals much thought I think it is only right to object for the following reasons.

Steinfelds farm and Ambers nook together form a semi detached property. The proposal to extend the building is too close to the boundary line and I feel that the extension will reduce our daylight massively, it will be too close to our window hence reducing natural daylight into our home. It will also have an impact on the saleability of our property should we ever wish to.

The proposal also includes a further extension to include a second floor balcony off the bedroom. This will greatly encroach on our privacy. Our garden will be overlooked and no longer private for ourselves, children and grandchildren.

As first stated I have given this proposal much thought, for which by the way I have not been notified in the proper manner from Staffordshire Moorlands Council and therefore object to the current proposals for the reasons stated above.
